::V4-TRAINERS:: - WHY HANDBALL

Handball belongs to fast and one of the hardest sports, making it different from other collective sports. In the worldwide handball continues the trend of "dynamizing the game" with an active striving for a permanent pressure on the opponent, its accompanying features are mainly game deployment with frequent physical contacts, resistance to body crashes and falls, ability to cope with the demands of rapidly changing, often stressful situations., ALTRA is a non-profit organization working with youth in the field of education and its members are active in the structures of the TATRAN Prešov handball club and they work closely with all the youth divisions (younger, older pupils A, B, younger and older adolescents), eg. HANDBALL TALENT 2016, Know your sport and so on.
